

New NeoStrata Skin Active targets all the visible signs of aging with state-of-the-art technologies.

The NeoStrata Skin Active Comprehensive Antiaging Regimen is a high performance skincare system. If you are new to antiaging products or have sensitive skin, you may want to use a step-up approach, using one or two products initially and adding additional products as your skin adjusts.

Introducing

NeoStrata®

SKIN ACTIVE

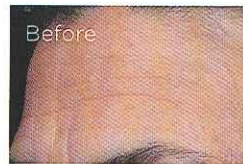

New NeoStrata Skin Active, an advanced, comprehensive antiaging regimen, targets all the visible signs of aging with state-of-the-art technologies.

The effects of aging on skin are multiple: fine lines, wrinkles, discoloration and sagging. No single ingredient can address them all. That's why the NeoStrata Skin Active system combines powerful, clinically proven ingredients that work synergistically in all layers of the skin to help reverse the visible signs of aging. These potent SynerG formulations stimulate cell renewal, even tone, boost collagen and protect against oxidative damage. Lines and wrinkles are smoothed from the inside out. Skin looks healthier, firmer and younger.

In a clinical study, 93% of women preferred Skin Active to their daily regimen.

93% observed smoother skin texture, more even skin tone, and diminished lines and wrinkles

% of respondents reporting at 6 months

Note the improvement in forehead lines, wrinkles and skin texture **after 8 weeks** of daily treatment with this 4-product regimen.

Exfoliating Wash

This unique SynerG Formula 8.5 lightly exfoliates without over drying, preparing the skin for optimal treatment benefits. Polyhydroxy Acids, including Gluconolactone and Maltobionic Acid, stimulate cell turnover and remove debris from pores, enhancing skin texture and clarity. This soap-free foaming cleanser effectively removes oil and makeup without irritation. Patented Maltobionic Acid leaves the skin feeling hydrated, while a botanical complex of aloe, chamomile, cucumber and rosemary extracts soothes and refreshes. Suitable for all skin types.

SKIN ACTIVE

Matrix Support SPF 20

This advanced SynerG Formula 8.0 includes three clinically proven technologies, each with a unique action, for greater skin repair and strengthening. Peptides stimulate collagen production in the deep matrix. Patented NeoGlucosamine™ and retinol work together to rebuild skin's natural support structure, increasing firmness and tone. An antioxidant complex helps protect the skin's matrix and neutralize free radicals. UVA and UVB filters shield the skin from the burning and aging effects of everyday sun exposure. NeoGlucosamine™ also inhibits tyrosinase, a key enzyme in the production of melanin, resulting in a reduction in the appearance of skin discolorations.

Cellular Restoration

This potent SynerG Formula 15.0 is designed to rejuvenate cellular function and strengthen the skin's underlying structure. This formulation contains Apple Stem Cell Extract which protects and extends the life of skin's own stem cells, helping to delay the effects of aging. Peptides enhance collagen and reduce the appearance of deep wrinkles. Glycolic Acid, an Alpha Hydroxy Acid, increases production of collagen and glycosaminoglycans to plump and firm the skin. Maltobionic Acid and Gluconolactone, both Polyhydroxy Acids, help stimulate repair in deep skin layers by chelating damaging oxidative metals. Grape seed extract, known for its anti-inflammatory properties, works with superfruit antioxidant extracts of pomegranate, blueberry, and acai to protect against cellular aging from daily environmental stressors.

Intensive Eye Therapy

This unique SynerG Formula 6.0 employs a multi-mechanistic approach to building and plumping the delicate skin in the eye area. Contains Apple Stem Cell Extract to protect the longevity of skin's own stem cells so your skin behaves like younger skin. Peptides stimulate matrix components to produce more collagen, and together with patented NeoGlucosamine™, reinforce collagen's surrounding support structure. The eye area appears more lifted, and crow's feet are smoothed from the inside out. Caffeine helps deflate puffiness while hyaluronic acid acts as a natural moisture magnet. Vitamin E provides antioxidant benefits.

0.5 oz / 15 g Item# F30012X

Note the diminished lines, wrinkles, discolorations and smoother texture **after 8 weeks** of daily treatment with this 4-product regimen.
